Wisconsin Juvenile Sexual Offender Treatment Provider Directory

In 2003, the Wisconsin Division of Juvenile Corrections received a grant to improve management of juvenile sex offenders (JSOs) in correctional institutions and the community.

One of the objectives of the grant, given under the Comprehensive Approaches to Sex Offender Management Program of the federal Office of Juvenile Justice Programs, was to increase community treatment services for JSOs. The Division and the Wisconsin Council on Children and Families collaborated in fulfilling this objective by creating a treatment provider directory. This directory is organized by county, and lists providers who represent themselves as specialists in treating juvenile sex offenders.

This directory is a work in progress, and does not necessarily reflect all of the juvenile sex offender treatment providers in Wisconsin. If you know of additional providers who work with juvenile sex offenders, please copy the last page of the directory, fill it out, and return to:
